

Down Waterloo Road

C E7 Am C7
Walking down the street today I saw a girl across the way
F C D7 G7
I asked her where she's going and she said, "Come with me"
C E7 Am C7
She took me down this avenue where I met the folks she knew
F C Dm G7 C
And there we stopped and chatted and we passed the time away

C E7 Am C7 F C D7 G7
Down Waterloo Road, Down Waterloo Road
C E7 Am C7
Friday night Saturday, any night or any day
F C Dm G7 C
You'll find what you're looking for Down Waterloo Road

C E7 Am C7
Lower down, this cellar where, we met this happy feller
F C D7 G7
Playing cake-walks on his guitar, all night long
C E7 Am C7
His pickin' sound-ed scratchy but, his music was so catchy
F C Dm G7 C
That we all got up and joined him and we sang this song

Chorus - Instrumental

C E7 Am C7
Now the birds are cheeping and, we all feel kind of sleepy
F C D7 G7
The morning tide is rising and the moon has gone
C E7 Am C7
But still the feeling lingers, and still I hear the singers
F C Dm G7 C
As I walk along the avenue, and I sing this song

[Chorus x2]
