

Down Waterloo Road

G B7 Em G7
Walking down the street today I saw a girl across the way
C G A7 D7
I asked her where she's going and she said, "Come with me"
G B7 Em G7
She took me down this avenue where I met the folks she knew
C G A7 D7 G
And there we stopped and chatted and we passed the time away

G B7 Em G7 C G A7 D7
Down Waterloo Road, Down Waterloo Road
G B7 Em G7
Friday night Saturday, any night or any day
C G A7 D7 G
You'll find what you're looking for Down Waterloo Road

G B7 Em G7
Lower down, this cellar where, we met this happy feller
C G A7 D7
Playing cake-walks on his guitar, all night long
G B7 Em G7
His pickin' sound-ed scratchy but, his music was so catchy
C G A7 D7 G
That we all got up and joined him and we sang this song

Chorus - Instrumental

G B7 Em G7
Now the birds are cheeping and, we all feel kind of sleepy
C G A7 D7
The morning tide is rising and the moon has gone
G B7 Em G7
But still the feeling lingers, and still I hear the singers
C G A7 D7 G
As I walk along the avenue, and I sing this song

[Chorus x2]
