

## Sunny Side of the Street

C                      (G7) E7                      F                      G7

Grab your coat and get your hat, Leave your worries on the doorstep

Am                      D7                      Dm      G7                      C

Just direct your feet, To the sunny side of the street

C                      (G7) E7                      F                      G7

Can't you hear a pitter pat, and that happy tune is your step

Am                      D7                      Dm      G7                      C(stop)

Life can be so sweet, on the sunny side of the street

C7                      C7                      F                      F

I used to walk in the shade. With those blues on parade

D7                      D7                      G(stop)                      G7

Now I'm not afraid. This Rover crossed over

C                      (G7)E7                      F                      G7

If I never have a cent, I'd be rich as Rockefeller

Am                      D7                      Dm      G7                      C

Gold dust at my feet, on the sunny side of the street
